MEMORANDUM FOR: [REDACTED]

SUBJECT: Attached paper on "Proposed System of Glandestine Services Manpower Control".

I have read this paper and made some notes on the first six pages and have these comments:

1. The paper is completely unacceptable in any part.
2. It goes far beyond the problem which is crying for settlement. This is the matter of procedures in respect to T/O's, ceilings, manning tables, budgetary controls, etc.
3. The nature of the problem as indicated in 2 above is such as to call for the study on the part of an experienced manpower officer, such as yourself.
4. The implementation of the recommendations herein, as shown beginning with page 7 through page 21 follows in conception the fundamental error made in the recommendations themselves.
